November 16, 2010

**Call for Speakers**  
**15<sup>th</sup> International Congress of Immunology**  
**Rome, Italy, August 22-27, 2013**

Dear Colleague,

The preparation of the 15th ICI, to be held in Rome in August 2013, is making progress and the organizers are actively working on a comprehensive and intellectually inspiring scientific program. For preliminary information please see the attachment.

In keeping with the scientific organization of previous ICI meetings, I would like to invite every IUIS National Society to suggest names of potential speakers for the 15th ICI, Rome 2013. Each name should be accompanied by a few words describing his/her main current interests. As a general rule, please suggest 1 potential speaker every 100 members of your Society. For Societies with less than 100 members, please suggest one potential speaker.

Your suggestions will certainly help us to organize an updated and stimulating scientific program. Please send your suggestions by February 11, 2011 to:  
[ici2013@gruppotriumph.it](mailto:ici2013@gruppotriumph.it)

I look forward to meeting you in Rome.

With best wishes,

Luciano Adorini  
President ICI Rome 2013
